Responding to Reviews

Thank You!

Book Reviews

Be Sure to Thank Reviewers

- In an email or by snail mail
- As a comment on the blog where your book is reviewed
- On Amazon
 - Log into your Amazon Author Central
 - Click on "Customer Reviews"
 - Click on "Add a Comment" under any posted review

Book Reviews

Responding to Negative Reviews

- Don't respond to negative reviews online.
- Marketing studies show that when consumers find negative reviews sprinkled among the reviews that are positive about a product, they're more confident that the good reviews are trustworthy.
- If the majority of your book's reviews are three-stars or less, this may signal you need to do some refining work on your book.

Book Reviews

Remember:

Book Reviews Help You Sell More Books

- Ask readers for reviews.
- Seek out bloggers to review your book.
- Use book giveaways to garner more reviews.
- Approach Amazon reviewers and online book review sites.
- Seek reviews in Christian publications.
