

Colorado Christian Writers Conference

YMCA of the Rockies - Estes Park Center

Compassion, Justice, Advocacy Seminar for Concerned Christians

Friday, May 16, 2014, 1:15 - 3:15

Are you concerned about human trafficking, orphans, abortion, the poor, racism, the handicapped, the hungry, the oppressed, and so much more that is close to the heart and call of Jesus? If God has given you a burden to be an advocate, to tell a story, or to make a cause or issue known, let's discover how we can be more effective.

Steven Lawson helps first-time authors, pastors, athletes, worship leaders, devotional writers, and missions-minded authors shape their vision and navigate the ever-changing world of publishing. For 11 years, Steven was senior editor at Regal Books where he worked with a wide array of authors, including A. W. Tozer, Shane Claiborne, and Don Richardson. Currently he is ghost-writing the memoirs of Dr. John M. Perkins. As a freelancer, he has teamed up with World Vision, the Billy Graham Evangelistic Association, and others.
